Continuation of Substance of Interview including description of the general nature of what was discussed: Discussed allowability of application subjected to updated search. Requested to overcome impending U.S.C. 101 rejection by tying machine in executing method steps in method claim 1-24. Examiner suggested to include "real time" supported by the written description, after "simultaneously displaying....." in independent claims 1, 25 and 39. Examiner further suggested to delete phrase "a code segment for" in claims 25-38. The applicant is requested to file terminal disclaimer for application 10/691,227 to overcome a pending double patenting rejection as described in the previous office action
